Type B – Basic Collaboration at a Distance
Type C – Collaboration On-Site with Minimal Integration
Type D – Close Collaboration On-Site in a Partly Integrated System
Type E – Close Collaboration Approaching a Fully Integrated System
Type F – Full Collaboration in a Transformed Fully Integrated Healthcare System

The Cripple Creek-Victor Mountain Health Center (CCV MHC) school-based health center is located at Cresson Elementary in the school nurse's office. This important initiative is in partnership with Peak Vista Community Health Centers, the Cripple Creek-Victor School District, Cripple Creek Counseling Center and AspenPointe Health Services. AspenPointe Health Services co-locates a child and family clinician to treat the mental health needs of the school districts' children. Referrals are received from teachers, school-based nurse and counselors

Program Type

- Collaboration On-Site (Behavioral and primary care provided at a shared facility School-Based Health Center).
- Direct Clinical Service; Consultation; Referrals
- The health center serves approximately 500 students and their siblings (aged 0-21) within the Cripple Creek-Victor School District.

Operational Resources

- Cresson Elementary School provides a room for a mental health clinician provided by AspenPointe Health Services to deliver individual therapy.
- All behavioral health clinical care occurs through the AspenPointe Health Services IT system including charting and record keeping.
- Each organization provides the necessary supports to ensure that access to the clients' primary or behavioral health records is available.
- Each entity is responsible for the supervision, technical resources and operational supplies to support the healthcare delivered by its staff.

Fiscal Resources

- The clinical services are able to be supported through Medicaid and Colorado Department of Behavioral Health Block Grant.
