

# COLORADO BLUEPRINT TO END HUNGER

The Colorado Blueprint to End Hunger is a multi-year plan to end hunger for all Coloradans. It was developed by individuals and organizations from across the state who are working on or experiencing hunger in their own homes and communities. Its goals and strategies envision interlocking work at the neighborhood, city, county and state level to advance the effort on this solvable problem.

## VISION AND GOALS

*All Coloradans have access to affordable and healthy food in their communities.*

*This vision emphasizes that no matter where you live in the state of Colorado, you should have access to affordable and healthy food. For this vision to become a reality, five aspirational goals are prioritized:*

Increase public understanding and awareness that solving hunger is vital to the health and well-being of all individuals and families, the Colorado economy and every local community.

Increase the number of Coloradans who can access affordable, nutritious food in their communities.

Increase the number of Coloradans who can access food assistance and nutritious food through community-based organizations.

Maximize SNAP and WIC enrollment to propel Colorado to become a leading state for enrollment in these health and nutrition benefits.

Maximize participation in Federal Child Nutrition programs, moving Colorado to become a national leader in delivery of these vital programs.
