

Dear Student,

The Colorado Behavioral Healthcare Council (CBHC), in partnership with the Colorado State Youth Council, is excited to announce that we will be offering 17 scholarships to our 2021 CBHC Annual Behavioral Health Conference.

This opportunity is extended to students interested in the behavioral health field. Students who are chosen, will not only attend a three-day, full conference on behavioral health, but will also be able to expand their education and network with behavioral health professionals.

This year's 2021 CBHC conference will take place in Breckenridge, Colorado, at the Beaver Run Resort and Conference Center from September 30 – October 2, 2021.

This learning experience will provide an opportunity to hear two wonderful keynote speakers and over 80 experts in their field from across Colorado and the country. You can learn more about the conference and download the full program at www.cbhc.org/conference.

It is easy to apply! You need to be between the ages of 18 and 22 and have an interest in learning more about the field of behavioral health. If you are chosen, you will receive:
