Targeted Violence Prevention

Understanding Pathways, Behaviors, and Community Solutions

Key Takeaways

- Pathway to Violence – Learn the stages individuals often move through before committing violence.
- Behavior Wheel – Recognize threatening or concerning behaviors as early warning signs.
- DHS Initiatives – Understand efforts to saturate communities with prevention programs.
- Threat Assessment – Explore how structured assessments help identify and reduce risk.
- Case Study: Covenant School Shooting – Apply lessons learned to prevention strategies.

Resources for Education & Reporting

NTER – Master Trainer Program & Educational Material
